KAYCAN

BUILDING LASTING IMPRESSIONS

Kaycan's high performance, superbly crafted vinyl siding and accessories are designed with unsurpassed strength, durability and worry-free maintenance for **the ultimate in beauty and protection for your home**.

it's about beauty

Low gloss finish of *Kaycan's* exclusive *Duratron™ Vinyl Formula*, realistic wood grain texture, deep shadow lines and infused-color throughout the panel give the **closest appearance and feel of natural wood**, virtually maintenance-free.

A limitless choice of designer colors, accent trims, soffit and accessories that match the strength, natural look and maintenance-free durability of *Kaycan* vinyl siding.

it's about protection

Patented *Duratron™ Vinyl Formula* combines 11 of the **highest quality ingredients with state-of-the-art technology** for lasting performance in all types of environments.

Exclusive *Secure™* locking system **firmly locks panels together** for the greatest rigidity and stability.

it's about trust

For more than four decades *Kaycan* has been the trusted name in home siding and accessories by continuing to deliver incomparable product performance and exceptional quality care.

All Kaycan products are put through a variety of rigorous testing by an independent testing laboratory and meet or exceed North American building codes: IBC, IRC, UBC, BNBC, SBC and NBC (National Building Code of Canada).

Regulatory compliance: ICC Evaluation Report ESR-1495, Conforms with UBC Standard 14-2, VSI Certified - Conforms to ASTM D3679, Evaluation Listing CCMC 11814-L and 12783-L - Conforms to CAN/SGSB 41.24, Florida Building Code 2007 Approved, Miami-Dade Product Control Approved.

Duratron™

The secret to *Duratron's™* success is combining the highest quality ingredients before even starting production for built-in strength, durability and brilliant color throughout the panel.

- **Virgin PVC Resin**
  for strength, stability and rigidity
- **Impact Modifiers**
  to prevent dents and cracks
- **Titanium Dioxide**
  for 100% UV protection for fade resistance and color retention
- **Stabilizers**
  to protect the panel from deterioration in all weather conditions
- **Low Gloss Finish**
  for the natural look of freshly painted wood
- **Designer Choice Pigments**
  for a beautiful color that won't scratch or fade

EXCEEDS NATIONAL BUILDING STANDARDS for impact, expansion and contraction...

So your *Kaycan* siding will stand up to the worst Mother Nature can deliver.
